Education

2025 – 2026

University: MIPT

I'm a second year student.

2026

I studied at one-year course "Uses and applications of C++ language" by K.I.Vladimirov (2nd year)

My projects on this course:

- Biba_Boba_Buba_Language
- Bitonic_sort
- Matrix
- 3D_triangles
- Range_queries

2025

I studied at one-year course in C and assembly by I.R.Dedinsky (1st year)

My projects on this course:

- myPrintf
- myLanguage
- stack
- differentiator
- spu
- vector

Skills

Hard skills

C, nasm, Linux
C++, Python
cmake, makefile, bash
git, Doxygen
LaTeX, Markdown, Graphviz
gdb, Radare2, Valgrind

Soft skills

Communication
Teamwork
Problem solving
Leadership
Quick learning

Profile

Strengths:

- Care about clean code, readability, testing
- Data Structures & Algorithms
- OOP, Design Patterns
- Fast learner, comfortable with documentation
